

ABSS Introductions

ABSS (formerly known as MYOB) is a trusted SME business software solutions provider across Asia. We served thousands of SMEs across Malaysia, Singapore, Hong Kong, Indonesia, Philippines and more, by providing tools that simplify accounting and payroll management.

Why Choose ABSS Accounting & Premier Connect?

ABSS Accounting & Premier Connect is a cloud-connected accounting software. This solution connects you to our cloud services, local government agencies, and statutory boards. Currently, we provide e-invoicing and A.I Scan cloud services. We have mobile app services and bank connect services coming soon.

These subscription-based offerings give you a cost-effective access to ABSS functionality, enabling online connectivity to your on-premise database, and offer the following features:

International Awards Winner Software

ABSS products are consistently recognised by our customers and the experts as the best solutions year after year.

ABSS Accounting & Premier Connect

Accounting is made easier for SMEs!

Dive into Our Features

Discover the innovations that set us apart. From seamless user experiences to groundbreaking technology, our features are designed to elevate your journey and exceed your expectations.

INVOICENOW

In line with ABSS's commitment to providing you with the latest solutions, InvoiceNow for e-invoicing functionality is now integrated into our software. This enables prompt, easier, and more streamlined invoicing management for your business as below:

- Ability to receive orders on the InvoiceNow network through IMDA-certified Access Point StoreCove
- Ability to convert an incoming order from the InvoiceNow network into an invoice through IMDA-certified Access Point StoreCove
- Ability to send invoice responses on the InvoiceNow network through IMDA-certified Access Point StoreCove
- Ability to receive invoice response on the InvoiceNow network through IMDA-certified Access Point StoreCove

ABSS Accounting Connect & ABSS Premier Connect users can subscribe to Financio Payroll for an integrated solution to manage payroll and accounting. Boost efficiency, save time, and manage everything in one place.

Automates document upload to your accounting system by scanning bills and receipt, improving efficiency and reducing manual processing errors. Includes a complimentary set of A.I scan transactions, with additional volume available for purchase.

Bank Connect

Enables seamless bank reconciliation, reducing manual tasks and saving time and money. Initial connectivity with Maybank, followed by RHB and UOB.

Please refer to the ABSS website for a comprehensive list of supported banks by country, scheduled for Q4 2024 onwards.

Mobile Connect

Allows for processing invoices, purchase orders, receiving payment, and checking customer account status on the go with the ABSS Connect mobile app. (available on all platforms, scheduled for Q3 2024)
